Assistant Commissioner for Patents
Washington, D.C. 20231

SIR:

Pursuant to 37 C.F.R. §§ 1.97 and 1.98 and to the duty of disclosure set forth in 37 C.F.R. § 1.56, the Examiner in charge of the above-identified application is requested to consider and make of record the references listed on the PTO 1449 (R&P) submitted herewith. A copy of each of the listed references is also enclosed.

Although the information submitted herewith may be "material" to the Examiner's consideration of the subject application, this submission is not intended to constitute an admission that such information is "prior art" as to the claimed invention.

In accordance with 37 C.F.R. § 1.97(g), the filing of this Information Disclosure Statement shall not be construed to mean that a search has been made.

Most of the enclosed references are not in the English language, however the references were cited by a foreign patent office in a related foreign application. The International Search Report was issued in the case of PCT/JP99/04061, which lists the same inventor as the above application. PCT/JP99/04061 is still in the international phase, and the United States is a designated country, and will be prosecuted in the United States as a National Phase

Application in the future. An English translated Japanese language search report, indicating the degree of relevance determined by the foreign patent office is submitted herewith.

No first Official Action has yet been received and it is presumed that none has yet been mailed. No fee is required. 37 C.F.R. § 1.97(b).

Respectfully submitted,

Allan Rainer, Reg. No. 19,717
